

Some words I associate with 'Open Science' are:

'Open Science' associations...

26 responses

'Reproducibility' associations...

26 responses

What I hope to learn in this workshop is...

An efficient structure to make all my open science dreams come true

reproducibility

guidance for publishing data and code

Better coding, have fun with data

How to improve my coding practices.

Writing a clean code

how to be a better coder

to structure better my sources

What I hope to learn in this workshop is...

how to make the work more friendly and readable for others

how to better handle my files/data and have tidy code

how to be clean and do it quickly (I don't want to spend 2 or 3 times the time I now do).

Elegance

how to structure the project (any kind of project with any kind of data)

organizing the work flowstructure

how to handle data

My familiarity level with ____ is...
